Dental Appliance Information: This is a custom made dental device that has been manufactured to satisfy the design characteristics and properties specified by the prescriber for the above named patient. This device is intended for the exclusive use by this patient and conforms to the essential requirements set out in Annex I of the Medical Device Directive and the United Kingdom Medical Devices Regulations. This statement does not apply to medical devices that have been repaired and/or refurbished for an individual patient's use.

Storage and handling: It is highly recommended that the product is stored in a clean and safe environment if not used immediately. The product should not be subjected to extreme heat. THE DENTAL APPLIANCE IS SUPPLIED IN AN UNSTERILE STATE.
